

PS-200

PAINT GUN CLEANER/RECLAMATION SYSTEM

Your alternative to dangerous & explosive cleaning solvents!

The **Purasolve PS-200** is a high performance Paint Equipment Cleaner/Reclamation System. Designed for efficiency, safety, and savings in through-life costs, through a unique recycling system.

- Integral recycling/reuse system
- Utilises fully recyclable safety solvents
- Reduces disposal issues
- Protects your health
- Reduces through-life costs

Safe and easy to use

The **PS-200 Paint Gun Cleaner/Reclamation System** is designed to make paint equipment clean-up safe, easy and effective. The PS-200 is especially designed for easy maintenance and cleaning of paint guns and equipment.

The equipment utilises a sophisticated micro filtration process that filters down to 0.1 micron and effectively removes paint residues that are washed off and that are suspended in the cleaning solution. Solvent life extension becomes easy, effective and predictable.

The **Purasolve** range of safety solvents are especially designed to eliminate the need for outside rental service and to reduce the ongoing costs of solvent disposal and replenishment caused by waste generation. When used in conjunction with **Purasolve Paint Equipment Cleaner**, this results in significant savings in through-life costs, along with protecting the health of the user.

The enhanced cleaning properties of **Purasolve Paint Equipment Cleaner**, together with the exceptional filtering and multiple user-accommodating properties of the dip tank holding the solvent, has reduced the time it takes to clean a paint gun by over 50% .

PS-200

PAINT GUN CLEANER/RECLAMATION SYSTEM

Benefits

- **Easier Maintenance** - Automatically cleans cup guns with flow-through brush for hand detailing.
- **Saves time** - Hose attachment for cleaning small pots and lines.
- **Protects your health** - Reduces toxic offgassing and risks from using dangerous solvents.
- **Reduces disposal costs** - Safety solvent filtered and re-used for up to 2 years.
- **Reduces through-life costs** - Less toxic waste generated.
- **Lifetime Guarantee** - Unit has a lifetime warranty, provided that only Purasolve filters and solvents are used in the machine.

Total Annual Cost Savings: \$3,000 - \$5,000 / year / station

Equipment Payback Period: 0.5 - 1.5 year / station

Part No #	Description
ES200PW-W	Purasolve PS-200 Parts Washer / Paint Gun Cleaner

Features

- Flow-through hose and brush
- Automatic lid closure when not in use
- Hose cleaning cycle
- Automatic cleaning cycle
- Hand cleaning cycle
- 0.1 Micron Nominal Filtration ensures extended use of cleaning solution lowers operating costs and reduces waste

Specifications

Outer Dimensions: 686mm x 660mm x 838mm

Inside Dimensions: 457mm x 457mm x 584mm

Fluid Capacity: 114 litre

Pump: Double Diaphragm Air Operated

Air Supply Pressure: 20 - 100psi

Lid Assembly: Fusible Link Latch Bar

2 Position Valve for Processing or

Dispensing: 75mm Caster Wheels

Filtration: 2 Stage Diffusion w/ Filtration to .1 micron nominal
