

HEAVY DUTY

MULTI-PURPOSE DEGREASER AND CLEANER

Powerful performance with no harmful effects

Triple7 Heavy Duty is an innovative chemical cleaner and degreaser. Triple7 Heavy Duty is non-toxic, non-corrosive and contains no hazardous chemicals.

Lifts tough grease and staining

Easily removes greasy deposits and ingrained stains. Triple7 Heavy Duty is ideal for industrial degreasing, general cleaning, mould, mildew and moss removal. The product also helps prevent re-staining.

WORKSAFE & ECO SAFE

Non-toxic

Triple7 Heavy Duty is non-toxic and does not contain harmful chemicals that have been linked with cancer and hormone disruption. It is safe to use in confined spaces.

Non-hazardous

Non-hazardous, non-flammable and non-corrosive for improved workplace safety. Triple7 Heavy Duty has no special transport, usage or disposal requirements.

Safe for waterways

Safe for sensitive natural environments, marine plants and animals. Triple7 Heavy Duty can be released directly into drains without treatment.

Substitute for dangerous chemicals

Triple7 Heavy Duty's powerful, multi-purpose formulation reduces inventory purchase and storage requirements. The product is highly concentrated for transport, storage and cost effectiveness.

HEAVY DUTY

MULTI-PURPOSE DEGREASER AND CLEANER

Protects surfaces

Triple7 Heavy Duty is non-corrosive and non-reactive with virtually any hard surface including concrete, stone, vinyl and plastics, rubber, wood, metal and glass. Triple7 Heavy Duty is a natural lubricant and rust inhibitor for metals.

Improves oil/water separation

Triple7 Heavy Duty's unique quick-break formulation enhances oily water separation for easier waste management and water recycling. Recovered water can be re-used or released into the environment. This can dramatically reduce waste separation, storage and disposal costs.

Cost effective substitution

With no special transport, storage or usage requirements, Triple7 Heavy Duty is an easy to implement and safe alternative to dangerous chemicals. Its multi-purpose formula reduces inventory purchase and storage requirements.

Directions for use

Apply Triple7 Heavy Duty via wiping, misting, steam cleaners, auto scrubbers, ultrasonics, pressure washers and soak-tanks.

Allow to stand for up to 15 minutes and agitate with a stiff brush if necessary. Rinse off with cold or warm water.

For detailed usage instructions please consult the Application Guide for this product, available envirofluid.com

Industry	Application
Workshop	Ideal for automotive and engine cleaning and degreasing including engine degreasing, wheel, tyre and undercarriage cleaning, and garage floor cleaning and degreasing. Safe to use and store near ignition sources.
Manufacturing & Construction	Effective for equipment wash down and degreasing, cleaning concrete, driveways, stone and metal surfaces. Increases oil/ water separation for improved waste water system efficiency.
Marine	Triple7 Heavy Duty is ideally suited for sensitive marine environments. The product is non-toxic, does not react with other chemicals or surfaces, and is safe use on all marine vessels, including in enclosed spaces. It can be safely disposed of without harm to aquatic plants and animals.
Hospitality, Aged Care and Health	Versatile, professional strength cleaning and degreasing of concourses, footpaths, ceramic tiles, concrete paths, amenities, and wooden, vinyl and ceramic floors.
Food Processing & Kitchen	Triple7 Heavy Duty has been accredited safe for use in Registered Meat Establishments. It is safe and effective for use in Meat and Poultry processing. Ideal for cleaning and degreasing kitchens, restaurants and BBQs. Triple7 Heavy Duty also effectively removes mould, mildew and moss including associated odours, and prevents regrowth.
Aviation	Plane wash down, concrete degreasing and terminal cleaning and sanitising. Triple7 Heavy Duty meets most commercial cleaning and degreasing requirements, reducing the need for multiple product purchases and storage.
Mining & Resources	Safe to use on large scale equipment and transportation wash down without risk to workers or the environment. Triple7 Heavy Duty is highly concentrated and cost effective for jobs of all sizes.
General	Triple7 Heavy Duty can be safely used on all hard surfaces and materials which can be rinsed with water.
